**Subject:** DSI 9411

Peggy,

I have attached a signed copy of DSI 9411 for the 206 Basket Modification Kit for Omega.  
I believe you have received the PO and put an order into the system for a DSI 9411-011 kit?

Mike,

I will send you back the original.  
Please generate an ECN so that an estimate can be created for this and the kit can be picked.  
At least, I think that would be the correct thing to do here.  
A couple of our stainless parts need to be manufactured out of carbon steel to go on this old basket.  
See the DSI 9411-011 pick list on the DSI.  
This is a "one-time-only" kit.

David
